

Panel Round Results

During the initial Open Round, students performed solo literature for their band directors for the opportunity to advance to the Panel Round. In the Panel Round, each performance was given before a group of directors, staff, music faculty, and other professionals. This panel then selects which students will represent each school in the final concert. Congratulations to those students who have been selected to perform in the 2020 Recital Consortium!

The final concert will broadcast on YouTube in just a few weeks. Stay tuned!
